WE BUILD YOUR DREAM

## PORTFOLIO

## Dear Business Partners,

Aiming to achieve our goals by turning the innovative ideas and concepts into reality, we strive to employ the latest technologies, and attend international exhibitions that enable us to stay updated with the latest industry trends and meet our customers' demands to grow their businesses which in return is reflected on ours.

We are proud of our professional and dedicated team that we make sure to constantly offer them with the proper training on state-of-the-art technology and latest materials so as to provide efficient and high quality production outcome.

It is worth mentioning that we give kind attention to the environment in everything we do, and thus we ensure to use environmentally-friendly, recycled materials.

As part of our promise, we will continue offering the best in fit-out and production industry to meet your growing requirements and needs locally and abroad.

Ahmad A. Rammal  
CEO

# Renovva

WE BUILD YOUR DREAM

## About Us

Renovva is a leading company providing fit-out services, as well as large format printing, signage, and display booths and branding solutions for trade shows. Throughout the years the company has successfully established a strong reputation in the market by providing the best services from digital fabrication, construction, carpentry, installation, interior and exterior signage, wide format printing, trade show display solutions and interior fit-out services.

## Our Vision

To be the region's most trusted partner, by transforming our beliefs and principles into reality. We aim to continue raising the bar in terms of what we do and achieve.

As a result, we strive to build sustainable, enduring relationships and networks whilst expanding our business overseas.

## Our Mission

Deliver excellence in all the work we do and remain aware about environmental sustainability while operating within and complying with international standards; a formula that makes us an integral part of any organization's success.

# Our Services

Wood, acrylic and korean top blending seamlessly in the design of counters, offering both elegance and functionality.

Wood and acrylic elegantly combine to create a sophisticated and refined aesthetic.

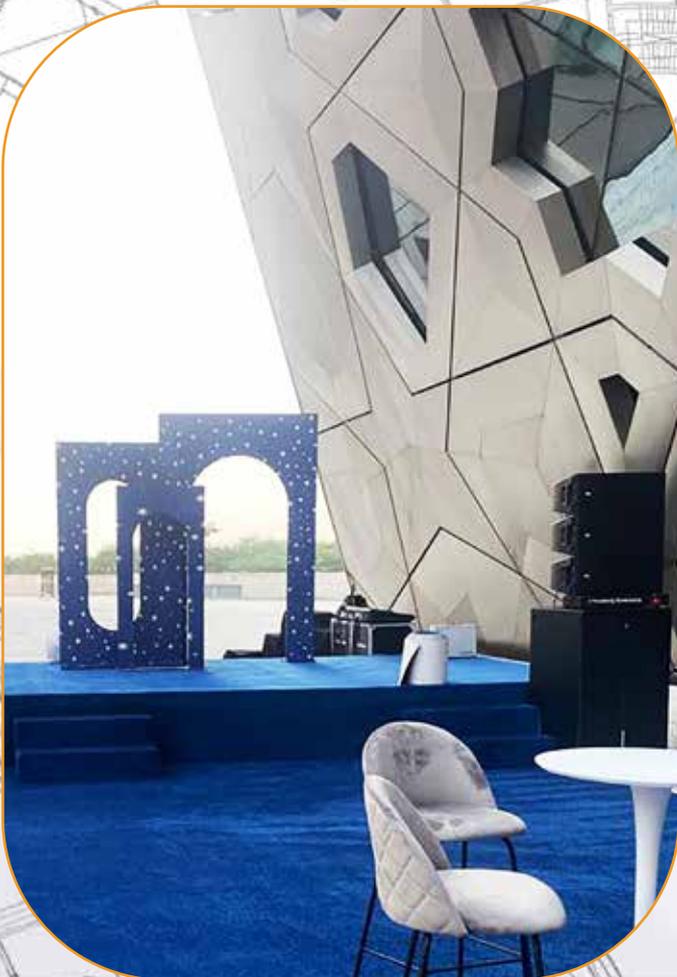

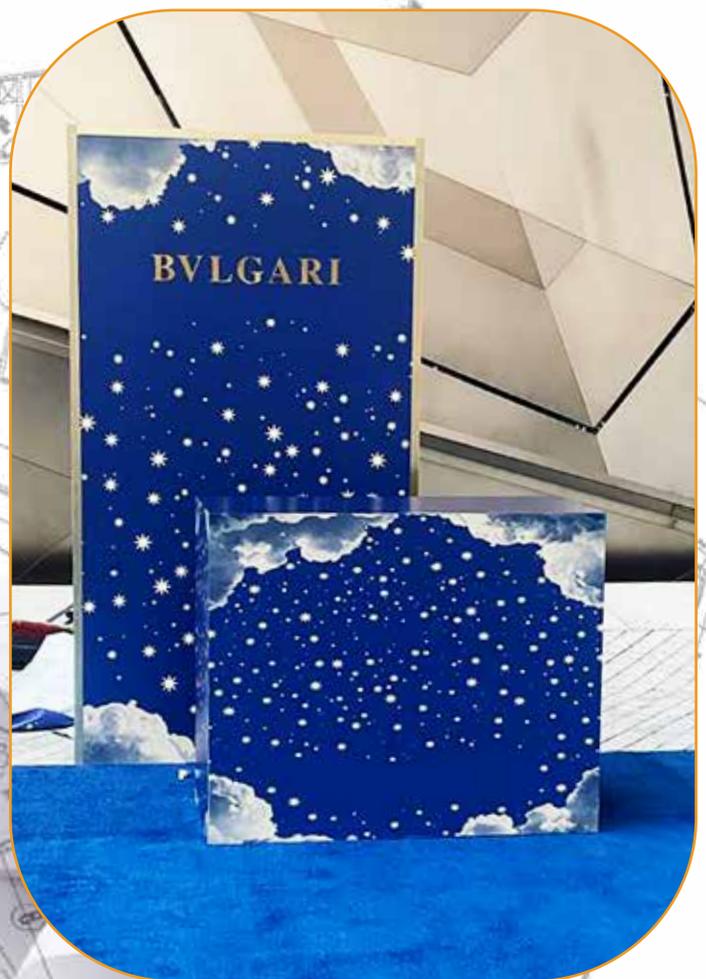

Wood, stainless steel and acrylic components coming together seamlessly, accentuated by embossed letters illuminated with light, creating a captivating and modern display.

Display cabinets crafted from a blend of wood and acrylic offering a modern and stylish showcase for the items.

Steel doors designed to adhere to the brand's guidelines and characteristics with light. Additionally, wood elements painted in blue and adorned with vinyl stickers feature gold stainless steel letters to further enhance the cohesive brand identity.

Wood decorations featuring letters illuminated with light, crafted from melamine wood, offer a blend of elegance and functionality.

# Signages

Successful signage services require more than just print or graphics abilities. **Renovva** provides, in addition to excellent print and graphics services, a true end-to-end approach to delivering your signage according to your needs.

Our indoor and outdoor signs come in a variety of materials, shapes, and sizes. Our most popular sign materials include alucobond, aluminum, stainless steel, acrylic, and vinyl, with cutout or embossed lettering. Whether free-standing or wall-mounted, backlit or digital signs, **Renovva** develops and technically resolves any signage challenges.

Our products are designed and manufactured to be clear, catchy, flexible, and sustainable, which are essential for marketing solutions. Whether you require outdoor or indoor signage, our team will work with your brand to ensure that the final product matches your functional and aspirational requirements.

A 3D letter signage, illuminated with lights, contrasting boldly against a cement board backdrop adorned with LED wording, creating a striking visual display.
